BRECKENRIDGE NEWS.

Jas. D. & T. V. G. Babbage, Editors and Proprietors

WEDNESDAY, MAY 9, 1894.

SIX PAGES.

A noon advertisement works day an' night—Sundays too. It is like money at interest.

It is now practically settled that the G. A. R. encampment of 1895 will be held at Louisville.

THE BROWN—GROSS—Wickliffe muddle is given full in another column. Read and draw your own conclusions.

Louisville wants the trade of Breckenridge county she must buy what Breckenridge county has to sell.

PRESIDENT Cleveland has at last named a Democratic postmaster for Russellville, Ky. Michael S. Clark is the fortunate man.

Col. J. O. Hodges in his strong appeals for Breckenridge, is not helping his chances for the office of Public Instruction.

The best brick and the best asphalt, for paving streets, produced in the world are both found right here in Breckenridge county.

The election of Breckenridge would be a disgrace not only to the people of the famous Blue Grass region but to the whole State of Kentucky.

MORGANFIELD has just voted 20,000 to assist in building waterworks, by a vote of 321 to 17, and Morganfield is not as large a town as Cloverport.

A man who wants to work can find it in this town. No use whining about this, that or the other thing. Go to work and quit your mouthing.

If the times do seem a little hard, it should only spur a young man to redouble his energies. Honesty and faithfulness to duty will entitle any sort of a man.

Dr. Cotrell preached a fine sermon in the Elm-street Methodist church Sunday night. It was the sixty-fifth anniversary of his birth, but he is trying to keep this from his sweethearts.

We have the local gatherings of thirty new correspondents in this issue of the BRECKENRIDGE NEWS, and if you don't see what you want, rest assured that it will appear next week.

The national Committee on Public Relations and Bonds has made a favorable report on the bill, appropriating \$30,000, for the enlargement of the United States Custom-house at Owensesboro.

Wants it comes to a good basket brigades and hard workers at a fire, the people of Cloverport cannot be surprised, but the time will come when it will be beyond the power of such means as this to save us.

The report of Breckenridge's speech and the incidents of the occasion which appeared in the Courier-Journal of last Sunday was a clever piece of reporting and was the work of Mr. T. G. Watkins, city editor of that great paper. Mr. Watkins is a fine journalist.

THAT women are at least equal of opportunity to men is a fact of every day. The female city treasurer of Fort Scott, Kan., is a \$1,300 short in her accounts, and has been suspended pending an investigation of her short comings. She has probably been "blowing it in" in ice cream parlors.

Murders disappearances in Owensesboro and vicinity have almost become an epidemic. The latest is James Drury, a young son of T. J. Drury, a well-known farmer of the Enos neighborhood. He disappeared from home last month and has not been heard of since. His father offers a liberal reward for his apprehension.

We hope the good people of the Presbyterian church did not think their beautiful and highly enjoyable entertainment given at their church last week was intentional on our part. It was purely an oversight for which we now ask and pray forgiveness. May the Lord bless the church, the building fund committee and all the other pleasant property in the good work in which they are so earnestly and basely engaged.

STANFORD is the greatest bicycle town in the state. There are now owned and ridden here—interior notes.

It seems that but not much of a bicycling town there are more than 500 bicycles, three bicycles owned and ridden in Cloverport, and this is a much smaller place than Stanford; besides we have some of the best and most graceful lady cyclists in the state. Stanford, however, should not be discouraged; if she will get a little hustle on her, she can catch up with the procession.

THE Hardinsburg Democrat is dead again. We are not surprised to hear it again. The people of Breckenridge get all they want in their old, reliable Standard. The people of Stanford don't care for any other medium. We publish the news from all sections and for all parties, Democrat, Republican, Populist or what not. No matter from what source or what section, if it's news the Newspaper is it. It's the people's paper and right now it is the paper by which we are to come and papers may not be. The News is giving the news and nothing but the news—in good times and hard times just the same.
